

Common Management Admission Committee-2025

18.06.2025

Important Instructions Regarding Seat Blocking and Upgradation Process

All allotted candidates are required to pay a part admission fee of ₹1,00,000 (Rupees One Lakh only) as per the instructions and deadline mentioned in the counselling guidelines. This payment is necessary to block the allotted seat. Candidates who fail to pay the part admission fee within the stipulated timeline will have their allotted seat automatically cancelled. Moreover, they will not be considered for upgradation or allotment in subsequent rounds, except for the spot round (if conducted).

Candidates who have successfully blocked their seat by paying the part admission fee will be automatically considered for upgradation in subsequent rounds. The upgradation will be subject to:

- Candidate's registered preferences
- Rank in the merit list
- Eligibility criteria of the respective university
- Availability of seats in the preferred category

Candidates are advised to carefully follow the admission schedule and complete the required formalities on time to secure their candidature.
